Reasons for Allowance

The following is an examiner's statement of reasons for allowance: applicant's amendments have obviated the outstanding rejections. In particular, applicant has amended independent claims 19 and 42 to recite that the protruding elements are cylindrically shaped so as to limit the depth of heating. This is in contradistinction to the Eggers et al reference which provides U-shaped protruding elements specifically to focus the energy into tissue to create deeper heating. Claims 47-49 were previously indicated as allowable by the examiner in the previous Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Peffley whose telephone number is (703) 308-4305. The examiner can normally be reached on Mon-Fri from 6am-3pm.
